**The speakers of this programme:**

- **Mr. Amit PR Bhide .**

**Topic: Business mantra.**

Chairman and Chief Mentor of Amit Bhide Training & Consultancy, one of West Maharashtra's leading Entrepreneur Coaching and Enterprise Transformation Company. Amit Bhide Training & Consultancy has been operating since 2017 and is geographically well entrenched in Western India. He has team of coaches, trainers and reviewers. expertise in imparting skills such as selling, leadership, negotiation, Change Management etc. My track record of 20 years of having worked with great Corporations such as Tata Indicom, Tata Green Battery, Reliance Communication & some advertising agencies, speaks volumes about the vast corporate experience and rich knowledge that I has gained over the years.

training programs and high energy speeches have led to skill and productivity enhancement of some of the finest national and international corporations in the SME/ MSME level Entrepreneurs irrespective of the industry.

- **Mr. Girish Shinde.**

**Topic: Inverter Technology**

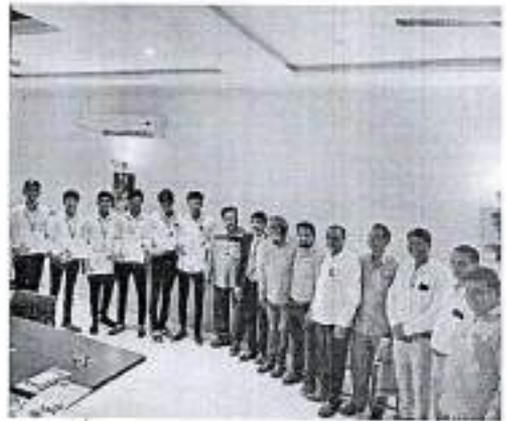

They delivered the speech on Inverter technology. They also discussed about the various types of inverter technology used in the industry and they guided the technicians to implement new inverter technology to improve the efficiency of the conventional system. In their presentation he teaches some new things like what corrective action we have to take at the time of emergency. He discussed about the intercooler and pump technology.

- **Ar. Meghana Shinde.**

**Topic: Cleanrooms and comfort air-conditioning:**

They told us about the cleanrooms and some more information like Cleanrooms are specially constructed, environmentally controlled enclosed spaces where the concentration of airborne particles (contaminants) is kept within specified limits. In industry, cleanrooms are used in the manufacturing of electronic hardware such as integrated circuits (ICs) and hard drives. In biotechnology and medicine, cleanrooms are used when it is necessary to ensure an environment free of bacteria, viruses, or other pathogens.
