## World Engineers Day

### Event Report

#### Event Details :

Event	World Engineers Day
Date	15 Sept 2024
Event Type	Technical Quiz
Mode	Online
No. of participants	120

## **Introduction:**

World Engineers Day, celebrated annually on "September 15<sup>th</sup>", is an important global event recognizing the contributions of engineers in shaping the future through innovation and technological advancements. The day emphasizes the significance of engineering across various industries and encourages awareness of the role engineers play in improving society. In 2024, the "Indian Society of Engineers (ISE)" Kolhapur Chapter, in collaboration with "SITCOE Yadrav", organized a series of events to mark this occasion, fostering collaboration between students, educators, and industry professionals.

## **Event Details:**

The World Engineers Day 2024 event focused on a wide range of activities, including a technical quiz (online mode) These events aimed to engage participants in discussions on emerging engineering technologies, as well as providing opportunities for students to demonstrate their technical prowess and creativity. The event's goal was to enhance awareness of the evolving demands in the engineering profession and to celebrate the achievements of engineers. This initiative aimed to engage students and professionals in the field of mechanical engineering, particularly those specializing in refrigeration and air conditioning. The quiz was conducted in an online mode, allowing participants from various locations to join and test their knowledge. The event was hosted by the ISHRAE Kolhapur Chapter and supported by the Department of Mechanical Engineering at SITCOE Yadrav.

## **Organizers and Key Personnel:**

The success of World Engineers Day 2024 was attributed to the collective efforts of the "ISE Kolhapur Chapter" and the "Department of Mechanical Engineering" at SITCOE Yadrav. The student coordinators, Mr. Yuvraj Patil" and "Ms. Priya Desai", were instrumental in organizing and managing the event logistics, ensuring that all activities ran smoothly.

Key faculty members, including "Dr. S.D. Patil", the Head of the Mechanical Engineering Department, and "Dr. S.A. Khot", Principal of SITCOE Yadrav, played vital roles in planning and supervising the event. Their support highlighted the importance of bridging the gap between academic knowledge and practical industry applications.

Moreover, "Mr. Ramesh Kulkarni", an experienced engineer and industry expert, served as the guest of honor. His insights into the 'Future of Engineering in Automation and AI' provided valuable perspectives on the role of engineers in the rapidly evolving technological landscape.

**Participation:**

Participation in the World Engineers Day Technical Quiz was facilitated through an online platform, making it accessible to a broad audience. Participants were required to scan a QR code provided in the event flyer to access the quiz. This innovative approach not only simplified the registration process but also ensured that the event could reach a wide range of participants, including students, academics, and industry professionals. The event saw enthusiastic participation from over 150 engineering students, faculty members

**Conclusion:**

The World Engineers Day Technical Quiz organized by ISME Kolhapur Chapter and SITCOE Yadav was an outstanding success. The event emphasized the crucial role engineers play in shaping the future through innovation and problem-solving across various sectors, including technology, infrastructure, and sustainability. The collaborative efforts of student coordinators, faculty members, and industry experts ensured a well-coordinated and informative event that provided valuable learning opportunities for all participants. By fostering continuous learning, innovation, and professional development, this event not only celebrated World Engineers Day but also underscored the importance of engineering in addressing global challenges and advancing society.
