Report on- Poster Presentation

Program Name : - Poster Presentation

Venue :- Seminar Hall, Mechanical Department

Date and Time :- 23rd September 2025,

The Poster Presentation Event was organized with great enthusiasm by the Mechanical Engineering Students Association (MESA) and the ISHRAE Student Chapter of Sharad Institute of Technology, College of Engineering, Yadrav on the occasion of Engineers' Day and World Ozone Day. The event was held on 23rd September 2025 in the Mechanical Engineering Department.

The primary aim of the program was to provide a platform for students to display their creativity, technical knowledge, and innovative thinking through the preparation and presentation of posters on themes related to emerging technologies and environmental concerns. This initiative not only helped students improve their research and communication skills but also promoted awareness about sustainability and technological advancements.

The participants were asked to design posters on the following thought-provoking topics:

1. Recent Technologies in HVAC
2. Advanced Technologies for Renewable Energy
3. Impact of Ozone Depletion on Human Health and Environment
4. Recent Technologies in Robotics and Automation

Each participant was allotted five minutes to present and explain their posters to the audience and the judge. The posters were expected to reflect originality, innovation, and clear understanding of the selected theme.

The event began with a warm welcome of all the participants, faculty members, and the judge, Mr. S. S. Mali Sir, from SIT Polytechnic, Yadrav, who graciously accepted the invitation to evaluate the competition. Dr. S. D. Patil, Head of the Mechanical Engineering Department, welcomed the gathering and delivered an insightful address highlighting the significance of Engineers' Day in honour of Sir M. Visvesvaraya and the importance of World Ozone Day in promoting environmental protection.

Following the inaugural address, the students commenced their poster presentations. The participants exhibited a wide range of innovative ideas and creative designs. The posters on HVAC and renewable energy showcased advanced technologies aimed at improving energy efficiency and sustainability. Those focusing on ozone depletion created awareness about the harmful impacts on human health and the environment, while the posters on robotics and automation highlighted cutting-edge innovations transforming industrial and domestic sectors.

The judge, Mr. S. S. Mali Sir, appreciated the efforts of the students for their in-depth research, clarity of presentation, and artistic approach. Faculty members and students attending the event were equally impressed by the technical knowledge and creativity displayed in the posters.

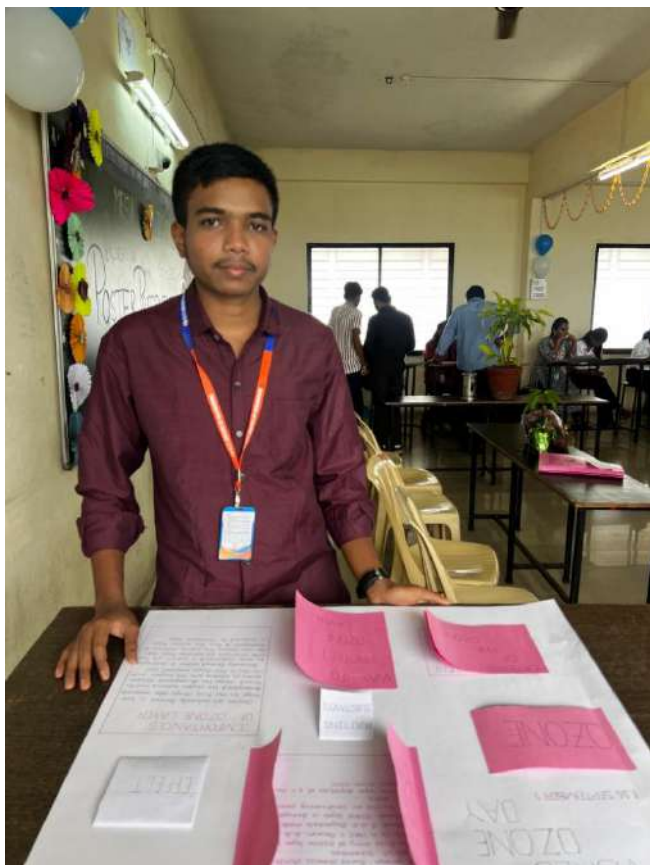

The event concluded with a Vote of Thanks delivered by Mr. A. A. Khot, MESA Faculty Coordinator. He expressed his gratitude to the respected judge, the Head of the Department, faculty members, and all participants for contributing to the success of the event. He also applauded the dedication and teamwork of the organizing committee for conducting the program smoothly.

The Poster Presentation Event turned out to be a memorable and insightful experience, providing students with a platform to showcase their knowledge, raise awareness about global issues like ozone depletion, and explore new technologies shaping the future. It successfully combined the celebration of Engineers' Day with the observance of World Ozone Day, inspiring students to contribute towards a sustainable and technologically advanced future.

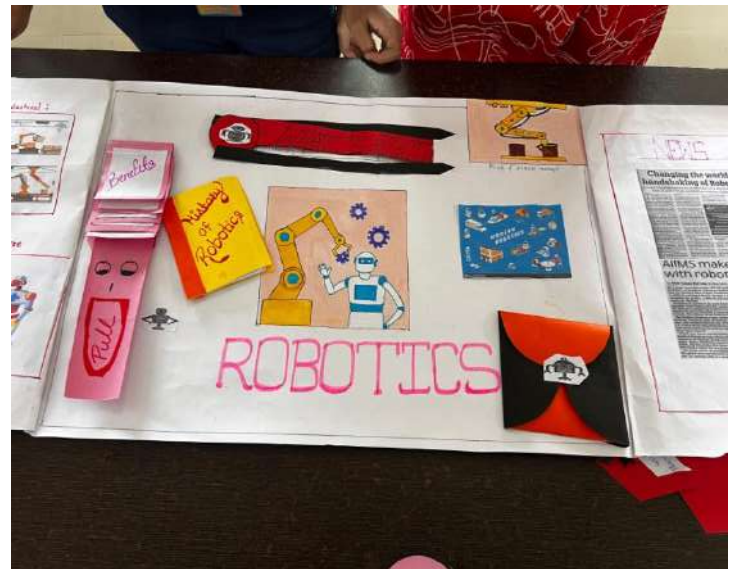

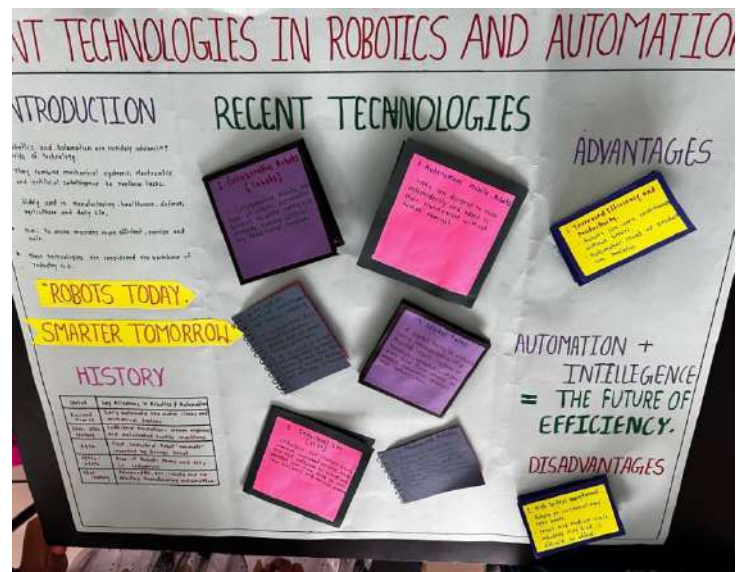

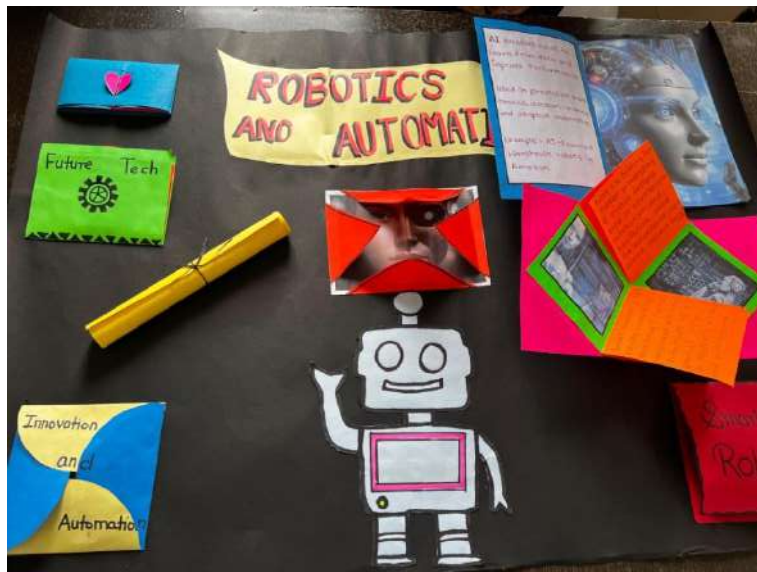

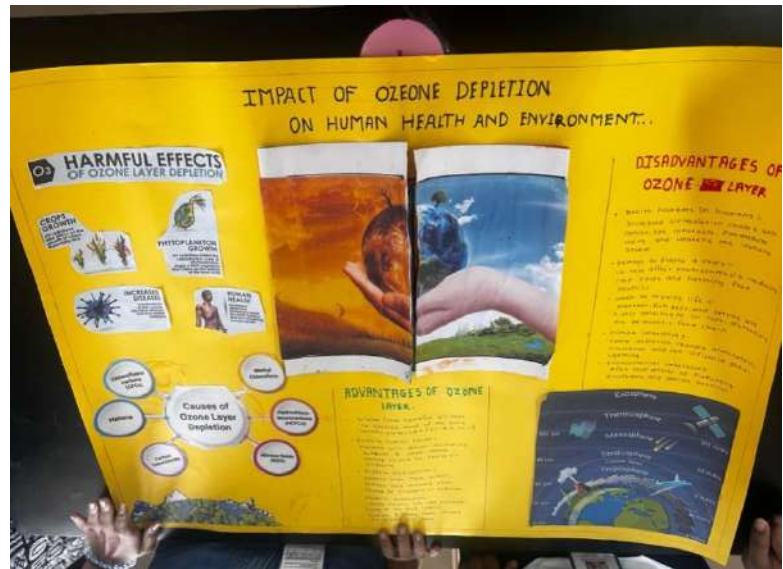

Inauguration and welcome of all participants and guest for the Poster Presentation Event

Participants presenting the posters in front of judges

Innovative and creative posters designed by student participant

1st Prize winner of Poster presentation event Mr. Chandrashekhsr Shinde (S.Y MECH)

2nd Prize winner of Poster presentation event Ms. Shivani Yenechavandi and Ms. Ankita Hanmant Sutar (S.Y A&R)

3rd Prize winner of Poster presentation event Ms.Prerana Raju Patil (S.Y A&R)

Students and faculty members attending the Poster presentation event
